The Fund is incorporated as an International Business Company under the International Business Companies Act of the British Virgin Islands. The Fund constitutes a "professional fund" as defined in the Mutual Funds Act, 1996 (as amended) of the British Virgin Islands (the "BVI Act") and as such is required to be and is recognized as a "professional fund" under the provisions of the BVI Act. Such recognition does not entail supervision of the investment performance or portfolio of the Fund by the Financial Services Commission of the British Virgin Islands (the "BVI"), which accepts no responsibility for the financial soundness of the Fund or the correctness of any statements or opinions expressed herein. There is no financial obligation or compensation scheme imposed on or by the Financial Services Commission of the BVI in favor of or available to the investors in the Fund.

As an entity regulated under the BVI Act, the Fund will be subject to the supervision of the Financial Services Commission in the BVI, which is authorized by the BVI Act to direct the Fund to furnish information or provide access to any records, books or other documents which it deems necessary to ascertain compliance with the BVI Act or any regulations made under the BVI Act.

The BVI Act provides that the Fund's certificate of recognition may be cancelled if, among other things, the Fund has breached the BVI Act or any regulations or codes of conduct, or conditions of its certificate, has been convicted of an offense, is carrying on business in a manner detrimental to its investors or to the public interest, or is declared bankrupt or is being wound up or dissolved.

Because the Fund is a professional fund under the BVI Act, whose shares are listed on the Irish Stock Exchange, the Shares may be held only by persons who are "professional investors" within the meaning of the BVI Act and the Irish Stock Exchange, and on the basis that the initial investment in the Fund by each of its shareholders is not less than \$100,000. In addition, in order to comply with rules of the Irish Stock Exchange, an investor will have to represent that he has knowledge and expertise in financial matters sufficient to evaluate the risks involved in an investment in the Fund, that he is aware of such risks and can bear the loss of the entire investment.

This Memorandum may not be reproduced or used for any other purpose other than making an investment in the Fund. ## SUMMARY

*The following Summary is intended to highlight certain basic information which is set forth more fully elsewhere in this Private Placement Memorandum and in the Memorandum of Association and Articles of Association of the Fund. This should be read in conjunction with such detailed information.*

### THE OFFERING

<b>Issuer</b>	Fairfield Sentry Limited (the "Fund") is organized as an international business company under the laws of the Territory of the British Virgin Islands ("BVI"). The registered office of the Fund is located in the BVI.
<b>Securities Offered</b>	The Fund's redeemable, voting shares (the "Shares") were offered on November 30, 1990 at an initial offering price of U.S. \$200 per Share and thereafter have been offered at a price equal to the Net Asset Value (as hereinafter defined) as of the opening of business on the date of issuance.
<b>Offerees</b>	Shares may be offered only to experienced and sophisticated investors who are neither citizens nor residents of the United States ("Non-U.S. Persons") and to a limited number of United States investors that are tax-exempt entities ("U.S. Tax Exempt Investors"). See "OFFERING OF THE SHARES".
<b>Minimum Subscription</b>	The minimum initial subscription per investor is U.S. \$100,000. Following his initial investment, a shareholder may make additional investments in amounts of not less than U.S. \$50,000.
<b>Maximum Capitalization</b>	The Fund will not accept a subscription tendered at a time when the number of its outstanding Shares is 10,000,000.
<b>Subscription Procedures</b>	It is preferable that subscriptions be made by wire transfer. However, subscriptions may be made by mail if necessary. Subscriptions received during any monthly period prior to the third to the last business day of the month will ordinarily be accepted, subject to the sole discretion of the Investment Manager (as defined below), as of the first business day of the following monthly period, i.e., subscriptions received between December 28 and January 28, assuming the 29 <sup>th</sup> -31 <sup>st</sup> are business days, will be accepted as of February 1. Subscriptions will become irrevocable to the subscriber on the third to the last business day of the month in which such subscription is received by the Fund.

**Solicitation of Subscriptions**

The Fund may use the assistance of affiliated or unaffiliated placement agents and money managers, including FGL (as defined below), to place the Shares. Such placement agents and intermediaries may charge their clients a placement fee of up to 5% of the total amount of the subscription for Shares sold with their assistance, and/or share in the fees earned from the Fund, which they may rebate to their clients. Placement fees charged directly by FGL will not exceed 3%. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the placement agent and such amounts will not constitute part of the assets of the Fund.

**Business Objective**

The Fund seeks to obtain capital appreciation of its assets principally through the utilization of a nontraditional options trading strategy described as "split strike conversion", to which the Fund allocates the predominant portion of its assets. See "INVESTMENT POLICIES".

**Investment Manager**

Fairfield Greenwich (Bermuda) Ltd. ("FGBL" or the "Investment Manager"), a corporation organized under the laws of Bermuda, serves as the Fund's investment manager. It is the wholly-owned subsidiary of Fairfield Greenwich Limited which previously served as the investment manager of the Fund and currently serves as the Fund's Placement Agent. Jeffrey H. Tucker, Walter M. Noel, Jr. and Andres Piedrahita are the main principals of FGL. Mr. Noel is also a Director of the Fund (see "MANAGEMENT OF THE FUND AND OTHER RELATIONSHIPS"). Effective April 20, 2006, FGBL registered as an investment adviser with the United States Securities and Exchange Commission pursuant to the Investment Advisers Act of 1940, as amended. The Investment Manager has claimed an exemption under Commodity Futures Trading Commission ("CFTC") Rule 4.13(a)(3) from registration with the CFTC as a commodity pool operator and, accordingly, is not subject to certain regulatory requirements with respect to the Fund that would otherwise be applicable absent such an exemption.

**Placement Agent**

Fairfield Greenwich Limited, an exempted company incorporated under the laws of the Cayman Islands ("FGL" or the "Placement Agent"), is the Fund's Placement Agent. FGL oversees the marketing of the Shares and is an affiliate of the Investment Manager. FGBL and FGL are member companies of the Fairfield Greenwich Group ("FGG"), which was established in 1983 and had, as of May 1, 2006, more than \$9.0 billion employed in alternative asset management funds. Throughout its history, FGG has internally managed its own alternative asset funds and selectively identified external managers for affiliations where it serves as a managerial and distribution partner.

**Directors**

Walter M. Noel, Jr., Jan R. Naess and Peter P. Schmid are the Directors of the Fund. Mr. Noel is also a Director of FGL, an affiliate of the Investment Manager.

**Citco** Citco Fund Services (Europe) B.V., an affiliate of The Citco Group Ltd., acts as administrator, registrar and transfer agent for the Fund. The Fund's escrow account is maintained at Citco Bank Nederland, N.V. Dublin Branch. Pursuant to a custodial services agreement, Citco Bank Nederland N.V., Dublin Branch and Citco Global Custody N.V. have agreed to provide custodial services to the Fund.

**Dividend Policy** It is anticipated that the Fund will not declare any dividends; rather, income will be reinvested and will be reflected in the Net Asset Value of the Shares.

#### SALE AND REDEMPTION OF SHARES

**Redemption at the Option of a Shareholder** A shareholder of the Fund, on fifteen (15) calendar days' notice, may cause his Shares to be redeemed as of the last business day (being any day not a Saturday or a Sunday, that is not a public holiday or a day on which banks are generally authorized or obliged by law or regulation to close in the Netherlands, the Republic of Ireland, Canada or the United States of America) of any month. There is no minimum period of time that Shares must be held in order for a shareholder to redeem his Shares.

**Compulsory Redemption** The Fund reserves the right to call all or a part of a shareholder's Shares for redemption at any time. This right will only be exercised as to Shares where the continued holding of which would result in regulatory, pecuniary, legal, taxation, or material administrative disadvantage for the Fund or the shareholders as a whole.

**Sales** Subscriptions received during any monthly period prior to the third to the last business day of the month will ordinarily be accepted, subject to the sole discretion of the Investment Manager, as of the first business day of the following monthly period, i.e., subscriptions received between December 28 and January 28 will be accepted as of February 1. Subscriptions will become irrevocable to the subscriber on the third to the last business day of the month in which such subscription is received by the Fund.

**Exchange Listing** The Fund was admitted to the Official List of the Irish Stock Exchange in Dublin, Ireland on January 12, 1995 and has been issued SEDOL number 0330934. It is unlikely that a public trading market will develop for the Fund's shares and none has developed to date. Shareholder redemption rights are not affected by this listing.

## COMPENSATION AND EXPENSES

### Expenses

The Fund will bear, for each year, all continuing offering costs; all ordinary legal and auditing fees; all registrar, transfer agent and administration fees; all insurance expenses; all expenses in maintaining the Fund's office and all other expenses incurred in the operation of the Fund, if any, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund, as well as all fees and all ordinary and necessary expenses related to the Fund's investment and trading activities.

FGL will pay the Investment Manager a fixed fee for providing certain managerial services to the Fund, as more fully described in the Investment Manager's Form ADV Part II, which is attached to this Memorandum as Appendix B.

### Management Fee

FGL will receive a monthly management fee in an amount equal to one-twelfth of one percent (0.0833%) (approximately 1% per annum) of the Net Asset Value of the Fund before Performance Fees (as hereinafter defined) as calculated at the opening of the first day of the month, which will include subscriptions for Shares accepted by the Fund as of the first day of such month. This fee is payable monthly in arrears. FGL may pay a portion of the Management Fee to an affiliate of FGL and the Investment Manager in consideration of the affiliate providing certain administrative services and back-office support to the Fund.

### Performance Fee

FGL will receive, for each calendar quarter, a performance fee (the "Performance Fee") with respect to each Share outstanding during such calendar quarter in an aggregate amount equal to 20% of the net realized and net unrealized appreciation in the Net Asset Value of each Share in such calendar quarter ("Net Profits"), if any; subject to reduction in connection with certain offsets with respect to each Share, provided, however, that if a Share has a loss chargeable to it during any calendar quarter or quarters ("Unrecouped Loss") and during any succeeding calendar quarters there are Net Profits allocable to the Share, there will be no Performance Fee payable with respect to such Share until the amount of the Unrecouped Loss allocated to such Share has been recouped. If Shares are redeemed during a calendar quarter, the Unrecouped Loss relating to such Shares will be reduced in the same proportion as the reduction in the Net Asset Value of such Shares caused by such redemption. Shares which are either purchased or redeemed during a calendar quarter shall be subject to the payment of a Performance Fee only for the portion of the calendar quarter during which such Shares were outstanding. The Performance Fee will only be paid on "new appreciation" in the Fund's Net Asset Value allocable to the Shares.

In certain circumstances, the Performance Fee may be reduced for particular calendar quarters and the amount of the reduction repaid in subsequent calendar quarters (see "FEES, COMPENSATION AND EXPENSES – Performance Fee").

FGL and the Fund may enter into an agreement pursuant to which FGL may elect to defer payment of all or a portion of its Management Fees and/or Performance Fees.

### INVESTMENT POLICIES

The Fund seeks to obtain capital appreciation of its assets principally through the utilization of a nontraditional options trading strategy described as "split strike conversion", to which the Fund allocates the predominant portion of its assets. Set forth below is a description of the "split strike conversion" strategies ("SSC Investments").

The establishment of a typical position entails (i) the purchase of a group or basket of equity securities that are intended to highly correlate to the S&P 100 Index, (ii) the purchase of out-of-the-money S&P 100 Index put options with a notional value that approximately equals the market value of the basket of equity securities, and (iii) the sale of out-of-the-money S&P 100 Index call options with a notional value that approximately equals the market value of the basket of equity securities. An index call option is out-of-the-money when its strike price is greater than the current price of the index; an index put option is out-of-the-money when the strike price is lower than the current price of the index. The basket typically consists of between 35 to 50 stocks in the S&P 100 Index.

The primary purpose of the long put options is to limit the market risk of the stock basket at the strike price of the long puts. The primary purpose of the short call options is to largely finance the cost of the put hedge and to increase the stand-still rate of return.

This position in its entirety could be characterized as a bull spread which, presuming the stock basket highly correlates to the S&P 100 Index, is intended to work as follows: (i) it sets a floor value below which further declines in the value of the stock basket is offset by gains in the put options, (ii) it sets a ceiling value beyond which further gains in the stock basket are offset by increasing liability of the short calls, and (iii) defines a range of potential market gain or loss, depending on how tightly the options collar is struck.

The degree of bullishness of the strategy can be expressed at implementation by the selection of the strike prices in the S&P 100 Index put and call options. The farther away the strike prices are from the price of the S&P 100 Index, the more bullish the strategy.

The Split Strike Conversion strategy is implemented by Bernard L. Madoff Investment Securities LLC ("BLM"), a broker-dealer registered with the Securities and Exchange Commission, through accounts maintained by the Fund at that firm. The accounts are subject to certain guidelines which, among other things, impose limitations on the minimum number of stocks in the basket, the minimum market

capitalization of the equities in the basket, the minimum correlation of the basket against the S&P 100 Index, and the permissible range of option strike prices. Subject to the guidelines, BLM is authorized to determine the price and timing of stock and option transactions in the account. The services of BLM and its personnel are essential to the continued operation of the Fund, and its profitability, if any.

The options transactions executed for the benefit of the Fund may be effected in the over-the-counter market or on a registered options exchange.

### **Other Investments**

The Investment Manager, in its sole and exclusive discretion, may allocate a portion of the Fund's assets (never to exceed, in the aggregate, 5% of the Fund's Net Asset Value, measured at the time of investment) to alternative investment opportunities other than its "split strike conversion" investments (the "Non-SSC Investments"). It is anticipated that the Non-SSC Investments will be allocated to new investment vehicles managed by experienced management teams establishing themselves in new investment businesses ("Emerging Managers"), with no single allocation exceeding \$50 million, measured at the time of investment. These arrangements may include "lock-up" provisions of varying durations of these assets in such investments, subject to early release for breach of risk control or performance guidelines, or for cause. FGBL and the Fund generally share in fees received by Emerging Managers from investors other than the Fund. The Fund will pay fees with respect to the Emerging Managers at a rate that will not exceed the Fund's rate of fees (in certain cases, this may be accomplished by FGBL subsidizing, from its own moneys, the fees charged on these assets by Non-SSC Investment managers). Non-SSC Investments may also include strategic allocations to experienced managers in established funds.

In certain circumstances, the Performance Fee may be reduced for particular calendar quarters for certain Non-SSC Investment Losses. See "POTENTIAL CONFLICTS OF INTEREST" and "FEES, COMPENSATION AND EXPENSES –Performance Fee".

In order to ensure that the Fund will not be subject to United States federal income taxation on trading gains from the disposition of certain investments, it is expected that the Fund will not invest in any "United States real property interest" (including, for example, certain interests in any U.S. Corporation that is a "United States real property holding corporation"), as such terms are defined under the U.S. Internal Revenue Code of 1986 (the "Code") and the Treasury Regulations promulgated thereunder. (See "TAX CONSIDERATIONS AND EXCHANGE CONTROL.")

The Fund may invest some of its assets in short-term U.S. government obligations, certificates of deposit, short-term high grade commercial paper and other money market instruments, including repurchase agreements with respect to such obligations, money market mutual funds and short term bond funds. In order to ensure that substantially all of the interest earned by the Fund will not be subject to United States federal withholding taxes, any investment in an obligation of a U.S. person or entity (other than in certificates of deposits in banks) primarily will be in an instrument (i) which is issued and purchased at a discount from its face amount, which is not otherwise interest bearing, and which has a term of no more than 183 days from the date of issuance or (ii) which is in registered form and which is issued after July 18, 1984. (See "TAX CONSIDERATIONS AND EXCHANGE CONTROL.")

### **Investment Restrictions**

The Fund will observe the investment restrictions set forth in the Fund's Articles of Association which are summarized here:

- a) no more than 10% of the Net Asset Value of the Fund will be invested in the securities of any one issuer (other than any government or governmental agency);
- b) the Fund may not hold more than 10% of the issued securities of any one class of securities in any issuer (other than any government or governmental agency);
- c) no more than 10% of the gross assets of the Fund may be exposed to the creditworthiness or solvency of a single counterparty (other than any government or governmental agency), in each case calculated at the time of investment;
- d) no more than 10% of the Net Asset Value of the Fund may be invested in securities of countries where immediate repatriation rights are not available;
- e) the Fund will not invest in the securities of any issuer if the directors and officers of the Fund and the Investment Manager collectively own in excess of 5% of such securities;
- f) the Fund will not take or seek to take legal or management control of the issuer of underlying investments;
- g) the Fund will adhere to the general principle of diversification in respect of all of its assets;
- h) the Fund will not invest directly in real property;
- i) the Fund will not make any loans (except to the extent that the acquisition of any investment in securities or commodity interests described herein may constitute a loan) to any one issuer (other than any government or governmental agency) except with the consent of the custodian of the Fund's assets; and
- j) no more than 10% of the Net Asset Value of the Fund will be invested in physical commodities.

The investment restriction set out in (c) above will not apply to transactions with any counterparty which advances full and appropriate collateral to the Fund in respect of such transactions.

### OFFERING OF THE SHARES

The Fund is offering up to 10,000,000 Shares. The initial offering price was U.S. \$200 per Share on November 30, 1990. The Shares are currently offered at a price equal to the Net Asset Value per Share (as hereinafter defined) as of the opening of business on the date of issuance.

Shares may be offered only to experienced and sophisticated investors who are neither citizens nor residents of the United States ("Non-U.S. Investors") and to a limited number of United States investors that are tax-exempt entities ("U.S. Tax-Exempt Investors").

The minimum initial purchase by each subscriber is U.S. \$100,000. The Fund may reject any subscription, in whole or in part, in its discretion. All subscriptions, once made, are irrevocable to the subscriber.

All proceeds from the sale of Shares will be received by the Fund in trust and will be deposited by the Fund into a segregated interest bearing account in the Fund's name at the Fund's bank, Citco Bank Nederland N.V. Dublin Branch. There are no underwriting arrangements with respect to the offering of Shares. The Fund may use the assistance of affiliated or unaffiliated placement agents and money

managers, including FGL, to place the Shares. Such placement agents and intermediaries may charge their clients a placement fee of up to 5% of the total amount of the subscription for Shares sold with their assistance, and/or share in the fees earned from the Fund, which they may rebate to their clients. Placement fees charged directly by FGL will not exceed 3%. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent and such amounts will not constitute part of the assets of the Fund.

The Fund will offer its Shares on a continuous basis at a price equal to its Net Asset Value as of the opening of business on the date of issuance of such Shares. Subscriptions received during any month prior to the third to the last business day of the month will be accepted, subject to the sole discretion of the Investment Manager, as of the first business day of the following month. Thus, for example, subscriptions received between January 1 and January 28 shall be accepted as of February 1, assuming the 29th-31st are business days. The Fund reserves the right, in its discretion, to accept any subscription prior to such first day. Subscriptions shall become irrevocable to the subscriber on the third to the last business day of the month in which such subscription is received by the Fund.

The Fund was admitted to the Official List of the Irish Stock Exchange, Dublin, Ireland on January 12, 1995 and has been issued SEDOL number 0330934. It is unlikely that a trading market in the Fund's Shares will develop and none has developed to date. The listing does not affect shareholder redemption rights.

#### **Net Asset Value Defined**

The Net Asset Value of the Shares is the value of the Fund's assets as calculated in accordance with the International Financial Reporting Standards and the Memorandum and Articles of Association of the Fund.

Notwithstanding the foregoing:

(i) in the case of extraordinary circumstances which warrant a different valuation of any securities, such as an inability to liquidate existing positions, such securities will be valued at such prices as the Directors shall determine; and

(ii) the amount of any distribution or dividend made shall be a liability of the Fund from the day when the distribution or dividend is declared until it is paid.

All decisions on the valuation of assets and liabilities and determination of Net Asset Value shall be made by the Fund's Board of Directors.

Net Asset Value per Share is defined as the Net Asset Value divided by the number of Shares then outstanding.

The Net Asset Value of the Fund will be calculated on a monthly basis by the Fund's administrator, Citco Fund Services (Europe) B.V., which will promptly notify the Irish Stock Exchange of the results of each such Net Asset Value calculation.

Pursuant to the Fund's Articles of Association, the Fund may suspend the calculation of its Net Asset Value for the whole or any part of any period:

(a) during which any stock exchange or over-the-counter market on which any significant portion of the investments of the Fund are listed, quoted, traded or dealt

in is closed (other than customary weekend and holiday closing) or trading on any such stock exchange or over-the-counter market is restricted; or

- (b) when circumstances exist as a result of which in the opinion of the Directors it is not reasonably practicable for the Fund to dispose of investments or as a result of which any such disposal would be materially prejudicial to the shareholders; or
- (c) when a breakdown occurs in any of the means normally employed in ascertaining the value of investments or when for any other reason the value of any of the investments or other assets of the Fund cannot reasonably or fairly be ascertained; or
- (d) during which the Fund is unable to repatriate funds required for the purpose of making payments due on redemption of Shares or during which any transfer of funds involved in the realization or acquisition of investments or payments due on redemptions of Shares cannot in the opinion of the Directors be effected at normal rates of exchange.

Any such suspension shall take effect at such time as the Directors shall declare but not later than the close of business on the business day next following the declaration, and thereafter there shall be no determination of the Net Asset Value per Share of the Fund until the Directors shall declare the suspension at an end, except that such suspension shall terminate in any event on the first business day on which (a) the condition giving rise to the suspension shall have ceased to exist; and (b) no other condition under which suspension is authorized under the Fund's Articles of Association shall exist. Each declaration by the Directors pursuant to this paragraph shall be consistent with such official rules and regulations (if any) relating to the subject matter thereof as shall have been promulgated by any authority having jurisdiction over the Fund and as shall be in effect at the time. To the extent not inconsistent with such official rules and regulations, the determination of the Directors shall be conclusive. Whenever the Directors shall declare a suspension of the determination of the Net Asset Value per Share, then as soon as may be practicable after any such declaration, the Directors shall give notice to all shareholders stating that such declaration has been made. At the end of any period of suspension as aforementioned the Directors shall give notice to all shareholders stating that the period of suspension has ended.

#### **Who Should Purchase/Subsription Procedure**

This offering is limited to non-U.S. persons and to a limited number of United States investors that are tax-exempt entities all of whom have the ability to speculate in high risk securities and for whom such a purchase is suitable in light of such person's financial condition. The Fund will require as a condition to the acceptance of a subscription that the subscriber represent and warrant that he has a net worth in excess of U.S. \$1,000,000.

Prospective subscribers should inform themselves as to the legal requirements within their own countries for the purchase of Shares and any foreign exchange or tax considerations relevant to such purchase.

As part of the Fund's responsibility for the prevention of money laundering, the Fund will require detailed verification of a prospective investor's identity to be included with its subscription application.

An individual will be required to produce a certified copy of a passport or identification card. Corporate applicants will be required to produce a certified copy of the certificate of incorporation (and any change of name), memorandum and articles of association (or other documents evidencing the existence of the

legal entity), the register of directors or an excerpt from the trade register held at the relevant chamber of commerce and the signatory card verifying the authority of officers to sign on behalf of the corporate entity. Trusts and other entities which subscribe to the Fund must demonstrate organizational documents which verify the existence of the entity and which verify the authority of one or more signatories to sign subscriptions on behalf of the entity.

The Fund reserves the right to request such further information as is necessary to verify the identity of an applicant. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Fund may refuse to accept the application and the subscription moneys relating thereto.

In order to subscribe for Shares, subscribers must complete and sign the Subscription Agreement included in the Subscription Documents which accompany this Private Placement Memorandum (the "Memorandum"), and mail them to Fairfield Sentry Limited, c/o Citco Fund Services (Europe) B.V., Telestone 8-Teleport, Naritaweg 165, 1043BW Amsterdam, The Netherlands; fax number (31-20) 572-2610. **FEES, COMPENSATION AND EXPENSES**

**Expenses**

The Fund will bear, for each year, all continuing offering costs; all ordinary legal and auditing fees; all registrar, transfer agent and administration fees; all insurance expenses; all expenses in maintaining the Fund's office and all other expenses incurred in the operation of the Fund, if any, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund, as well as all fees and all ordinary and necessary expenses related to the Fund's investment and trading activities.

FGL will pay the Investment Manager a fixed fee for providing certain managerial services to the Fund, as more fully described in the Investment Manager's Form ADV Part II, which is attached to this Memorandum as Appendix B.

### **Management Fee**

FGL will receive for each month a management fee (the "Management Fee") in an amount equal to one-twelfth of one percent (0.0833%) (approximately 1% per annum) of the Net Asset Value of the Fund before Performance Fees (as hereinafter defined) as calculated at the open of the first day of the month (which would include any subscriptions for Shares accepted by the Fund as of the first day of such month). The Management Fee is payable monthly in arrears. FGL may pay a portion of the Management Fee to an affiliate of FGL and the Investment Manager in consideration of the affiliate providing certain administrative services and back-office support to the Fund.

### **Performance Fee**

FGL will receive, for each calendar quarter, a performance fee (the "Performance Fee") in an amount equal to 20% of the net realized and net unrealized appreciation in the Net Asset Value of each Share in such calendar quarter ("Net Profits"), if any; provided, however, that if a Share has a loss chargeable to it during any calendar quarter or quarters ("Unrecouped Loss") and during any succeeding calendar quarters there are Net Profits allocable to the Share, there will be no Performance Fee payable with respect to such Share until the amount of the Unrecouped Loss allocated to such Share has been recouped. If Shares are redeemed during a calendar quarter, the Unrecouped Loss relating to such Shares will be reduced in the same proportion as the reduction in the Net Asset Value of such Shares caused by such redemption. No Share will be subject to the payment of a Performance Fee until such Share has recouped its loss carryover, i.e., until the Net Asset Value of such Shares is at least as high as the previous highest Net Asset Value per Share. IN OTHER WORDS, PERFORMANCE FEES WILL ONLY BE PAID ON "NEW APPRECIATION" IN THE NET ASSET VALUE OF THE SHARES. Shares which were either purchased or redeemed during a calendar quarter will be subject to the payment of a Performance Fee only for the portion of the calendar quarter during which such shares were outstanding. FGL will reduce any Performance Fees otherwise payable to it by offsetting it against an amount equal to the "Shared Cash Flow Amount" as defined in "POTENTIAL CONFLICTS OF INTEREST", below) attributable to Non-SSC Investments.

Notwithstanding the foregoing, in the event that, as at the end of any calendar year, the aggregate amount of original investments in Non-SSC Investment vehicles exceeds the aggregate net asset value of the Fund's interests in Non-SSC Investment vehicles (before deduction of the Fund's share of fees payable by the Non-SSC Investment vehicles) (such excess being the "Non-SSC Investment Loss") FGL will reduce its Performance Fee payable at subsequent quarter-end by an amount equal to the Non-SSC Investment Loss. The portion of the Performance Fee that is reduced to cover the Non-SSC Investment Loss will be carried forward. In the event that the Non-SSC Investment Loss is, in part or in whole, subsequently recouped by Non-SSC Investment vehicles, the Fund will pay FGL such portion of the Performance Fee that was previously reduced to cover Non-SSC Investment Losses in addition to Performance Fees otherwise payable for any quarter.

Pursuant to its agreement with the Fund, FGL may elect to defer payment of all or a portion of its Performance Fee.

### **Salaries and Other Personnel Expenses**

Mr. Noel will not be compensated for serving as a Director of the Fund, but he and representatives of the Investment Manager will be reimbursed by the Fund for any out-of-pocket expenses they may incur in attending meetings of the Board of Directors or of shareholders. The Directors not affiliated with the Investment Manager, of which there are at the present time two, will each be paid a fee of \$25,000 per

annum by the Fund together with his out-of-pocket expenses in attending meetings of the Board of Directors or of shareholders.

## **BANK, CUSTODIAN AND BROKERAGE**

### **Bank and Custodian**

Pursuant to a custodial services agreement (the "Custody Agreement"), Citco Bank Nederland N.V., Dublin Branch ("Citco Bank") and Citco Global Custody N.V. ("Citco Depository") have agreed to provide custodial services to the Fund. Citco Bank shall, to the extent it deems necessary, appoint and Citco Depository shall make use of sub-custodians with respect to certain securities of the Fund. Citco Bank will not be liable for shortcomings of such sub-custodians, provided Citco Bank exercised due care in selecting the sub-custodians. Citco Depository will not be liable for shortcomings of such sub-custodians in the absence of willful misconduct or gross negligence on the part of Citco Depository. Citco Bank will exercise reasonable skill, care and diligence in the selection of a suitable sub-custodian and shall be responsible to the Fund for the duration of the sub-custody arrangement for satisfying itself as to the ongoing suitability of the sub-custodian to provide custodial services to the Fund. Citco Bank will maintain an appropriate level of supervision over the sub-custodian(s) and make appropriate enquiries, periodically, to confirm that the obligations of the sub-custodian(s) continue to be competently discharged.

As a result of the Investment Manager's selection of Bernard L. Madoff Investment Securities, LLC ("BLM") as execution agent of the split strike conversion strategy, substantially all of the Fund's assets will be held in segregated accounts at BLM, a U.S. registered broker-dealer and qualified custodian. Accordingly, BLM will be a sub-custodian of the Fund.

The underlying assets of the Non-SSC Investments are held pursuant to custodial arrangements with other qualified entities.

### **Brokerage**

It is expected that the Investment Manager and the Non-SSC Investment managers will generally allocate brokerage business on the basis of best available execution and in consideration of such brokers' provision of brokerage and research services. The Investment Manager and the Non-SSC Investment managers may also utilize brokers with which the Non-SSC Investment managers are affiliated.

In selecting brokers or dealers to execute transactions, the Investment Manager and the Non-SSC Investment managers typically will not solicit competitive bids and will not have an obligation to seek the lowest available commission cost. It generally will not be the practice of the Investment Manager or the Non-SSC Investment managers to negotiate "execution only" commission rates, and thus the Fund may be deemed to be paying for research and other services provided by the broker which are included in the commission rate. Research furnished by brokers may include, but is not limited to, written information and analyses concerning specific securities, companies or sectors; market, financial and economic studies and forecasts; financial publications; statistic and pricing services, as well as discussions with research personnel, along with hardware, software, data bases and other technical and telecommunication services and equipment utilized in the investment management process. Research services obtained by the use of commissions arising from such transactions may be used by the Investment Manager or the Non-SSC Investment managers in their other investment activities.

The Investment Manager and the Non-SSC Investment managers may also be paying for services other than research that are included in the commission rate. These other services may include, without

limitation, office space, facilities and equipment; administrative and accounting support; supplies and stationery; telephone lines, usage and equipment and other items which might otherwise be treated as an expense of the Investment Manager or the Non-SSC Investment managers. To the extent the Investment Manager or the Non-SSC Investment managers utilize commissions to obtain items which would otherwise be an expense of the Investment Manager or the Non-SSC Investment managers, such use of commissions in effect constitutes additional compensation to the Investment Manager or the Non-SSC Investment managers, as the case may be. Certain of the foregoing commission arrangements are outside the parameters of Section 28(e) of the Securities Exchange Act of 1934, as amended which permits the use of commissions or "soft dollars" to obtain "research and execution" services. Finally, since commission rates are generally negotiable, selecting brokers on the basis of considerations which are not limited to applicable commission rates may result in higher transaction costs than would otherwise be obtainable.

#### **ADMINISTRATOR, REGISTRAR AND TRANSFER AGENT**

Pursuant to an administration agreement, dated February 20, 2003, between Citco Fund Services (Europe) B.V. ("Citco") and the Fund (the "Administration Agreement"), Citco serves as the administrator for the Fund, under the overall direction of the Fund's Board of Directors. As administrator, Citco has the responsibility for furnishing the day-to-day administrative services which the Fund may require, such as: accounting services; maintaining the Fund's books and records; preparation of reports and accounts; calculation of Net Asset Value and fees; communications with shareholders and/or governmental bodies; paying the Fund's expenses; providing suitable facilities and procedures for handling dividends and distributions (if any) and the orderly liquidation and dissolution of the Fund, if required. In consideration of its services, Citco receives a monthly fee based on the Net Asset Value of the Fund as of the last business day of each month at a rate of 6 basis points per annum.

To the extent that Citco relies on information supplied by the Fund, any investee fund of the Fund or any brokers engaged by the Fund, in connection with making any of the aforementioned calculations, Citco's liability for the accuracy of such calculations is limited to the accuracy of its computations. Citco shall not be liable for the accuracy of the underlying data provided to it.

Pursuant to the Administration Agreement, the Fund has agreed to indemnify Citco, its subsidiaries, affiliates, directors and other officers, shareholders, servants, employees, agents and permitted delegates under the Administration Agreement, against any and all liabilities, obligations, losses, judgments and expenses of any kind or nature whatsoever (collectively, the "Claims" and, individually, a "Claim") which may be imposed on, incurred by or asserted against any of them arising (other than by reason of negligence, bad faith, fraud or dishonesty on the part of Citco or such other indemnified party) out of the provision of services under the Administration Agreement. Similarly, Citco will indemnify the Fund from and against any Claim which arises directly out of the negligence, bad faith, fraud or dishonesty of its obligations on the part of Citco in connection with its provision of services under the Administration Agreement. The Administration Agreement may be terminated by either party on 90 days' prior written notice; provided, however, that the Administration Agreement may be terminated forthwith by notice in writing by either party if the other party (a) commits a material breach of the Administration Agreement and fails to cure such breach within 30 days after notice from the non-defaulting party; or (b) enters into involuntary liquidation or if a receiver is appointed over any of its assets.

#### **RISK FACTORS**

The purchase of Shares in the Fund involves substantial risks that are incident to the Fund's allocation of assets to SSC and Non-SSC Investments.

1. **Trading Risks.** Substantial risks are involved in the trading of equity securities and options. Market movements can be volatile and are difficult to predict. U.S. Government activities, particularly those of the Federal Reserve Board, can have a profound effect on interest rates which, in turn, substantially affect securities and options prices, as well as the liquidity of such markets. Politics, recession, inflation, employment levels, trade policies, international events, war and other unforeseen events can also have significant impact upon the prices of securities and options. A variety of possible actions by various government agencies also can inhibit the profitability of the Fund's business or can result in losses. Such events, which can result in huge market movements and volatile market conditions, create the risk of catastrophic losses for the Fund.

Various techniques are employed to attempt to reduce a portion of the risks inherent in the trading strategies utilized by or on behalf of the Fund. The ability to achieve the desired effect through a particular technique is dependent upon many factors, including the liquidity of the market at the desired time of execution. Thus, substantial risk remains that the techniques employed by or on behalf of the Fund cannot always be implemented or effective in reducing losses. At various times, the markets for exchange-listed equity securities and options and/or other securities may be "thin" or illiquid, making purchases or sales of securities at desired prices or in desired quantities difficult or impossible. In addition, options prices are extremely volatile. The volume and volatility of trading in these markets depends in part on general public interest and public opinion concerning economic conditions as well as the liquidity provided by market-makers and specialists. The liquidity of the market may also be affected by a halt in trading on a particular futures or securities exchange or exchanges. Illiquid markets may make it difficult to get an order executed at a desired price.

2. **Trading Strategies May Not be Successful.** There can be no assurance that any trading method employed by or on behalf of the Fund will produce profitable results, and the past performance of the Fund is not necessarily indicative of its future profitability. In that regard, certain of the managers receiving Non-SSC Investment allocations may not have investment records compiled while managing assets on their own. Profitable trading is often dependent on anticipating trends or trading patterns. In addition, markets experiencing random price fluctuations, rather than defined trends or patterns, may generate a series of losing trades. There have been periods in the past when the markets have been subject to limited and ill-defined price movements, and such periods may recur. Any factor which may lessen major price trends (such as governmental controls affecting the markets) may reduce the prospect for future trading profitability. Any factor which would make it difficult to execute trades, such as reduced liquidity or extreme market developments resulting in prices moving the maximum amount allowed in a single day, could also be detrimental to profits or cause losses.

3. **Dependence upon Principals and Key Employees of the Investment Manager and BLM.** The services of the Investment Manager's principals and key employees and BLM are essential to the continued operations of the Fund. If their services were no longer available, their absence would have an adverse impact upon an investment in the Fund. The key employees of the Investment Manager will allocate a small portion of the Fund's assets between and among the Non-SSC Investment managers. The Fund will be dependent on the continued presence of these key employees in connection with identification of the recipients of these allocations and the monitoring of the Non-SSC Investments.

4. **Incentive Compensation.** The payment of a percentage of the Fund's net profits to FGL (an affiliate of the Investment Manager) may create an incentive for the Investment Manager to cause the Fund to make investments that are riskier or more speculative than would be the case if this payment were not made. Since the fee is calculated on a basis that includes unrealized appreciation of assets, such fee may be greater than if it were based solely on realized gains.

In addition, the Non-SSC Investment managers will generally be compensated through incentive arrangements. Under these arrangements, the Non-SSC Investment managers may benefit from appreciation, including unrealized appreciation in the value of the Non-SSC Investment, but may not be similarly penalized for decreases in the value of such investment vehicle. Such fee arrangements may create an incentive for the Non-SSC Investment managers to make purchases that are unduly risky or speculative. In most cases, however, the Fund anticipates that it will invest in Non-SSC Investments where the manager is required to recoup prior losses before any performance-type fee is payable in respect of current gains.

To the extent that an accrual for an incentive fee is reflected in the net asset value of shares of a Non-SSC Investment vehicle, then if such accrual is reversed by the Non-SSC Investment vehicle as a result of subsequent depreciation, all of the Shares of the Fund will benefit from the reversal of the accrual, including Shares purchased after the Non-SSC Investment vehicle made the accrual. Further, to the extent that the Performance Fee is reduced by the Non-SSC Investment Loss amount, then if such reduction is repaid in part or in whole by the Fund due to recoupment of losses by Non-SSC Investment vehicles, the Net Asset Value of all Shares of the Fund then outstanding will be reduced, including Shares purchased after the reduction of the Performance Fee.

5. **Conflicts of Interest.** The Investment Manager and the Non-SSC Investment managers receiving allocations of the Fund's assets, and their respective principals and affiliates, are presently affiliated with and may in the future form and manage, or provide other services to, other investment entities (including without limitation investment partnerships, investment companies and mutual funds) with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. In addition, the Investment Manager functions as the investment manager for private investment funds in addition to the Fund. Such activities could detract from the time that the Investment Manager and its principals allocate to the affairs of the Fund. The Investment Manager will obtain certain business and financial benefits from the Fund's investments in the Non-SSC Investments which may result in a conflict of interest between the Investment Manager and the Fund in the selection of, and allocation of assets between and among, the Non-SSC Investments. See "POTENTIAL CONFLICTS OF INTEREST".

6. **Custodian/Clearing Firm Loss or Insolvency.** If a custodian or clearing firm utilized in connection with accounts maintained on behalf of the Fund were to become insolvent, the Fund could have some or all of these positions closed out without its consent. In addition, all of the Fund's positions may not be closed out under these circumstances, yet delays or other difficulties may be experienced in attempting to close out or exercise options positions. Widespread insolvency among clearing firms that clear securities options could also impair the ability of the Options Clearing Corp. (the "OCC") to honor all exercises, in spite of the system of safeguards which the OCC has in place. Such widespread insolvency, or of a particular custodian, could result in substantial losses to the Fund.

7. **Competition.** The securities industry, including market-making activities and transactions effected in connection therewith, are very competitive. Competition from other persons or entities involved in activities similar to those of the Fund can restrict the ability of the Fund to acquire positions at the prices deemed most beneficial to its overall trading strategies. Many such competing persons or entities are better capitalized and have more experience in trading than the Fund. Moreover, the widespread use of computer-assisted trading systems for trading strategies can alter trading patterns or affect execution of trades to the detriment of the Fund.

8. **Over-the-Counter Options Transactions.** Options transactions effected on behalf of the Fund may utilize the over-the-counter market for their execution. Trading index options in

the over-the-counter market is subject to counter-party risk and is without the protections afforded by transactions effected through the OCC, a registered options exchange.

9. **Option Buyer's Risk of Loss of Entire Investment.** An option is a wasting asset which becomes worthless when the option expires. As the remaining life of an option shortens with the passage of time, its value is reduced until it reaches zero upon expiration. This means that the option buyer who neither sells it in the secondary market nor exercises it prior to expiration will lose his entire investment in the option.

10. **Arbitrage Transactions.** Among the many risks of arbitrage transactions are that two or more buy or sell orders may not be able to be executed simultaneously at the desired prices, resulting in a loss being incurred on both sides of a multiple trade arbitrage transaction. Also, the transaction costs of arbitrage transactions can be especially significant because separate costs are incurred on each component of the combination. Consequently, a substantial favorable price movement may be required before a profit can be realized.

11. **Combination Transactions.** At various times, the Fund may engage in spreads or other combination options transactions involving the purchase and sale of related options contracts, in various combinations. Such transactions are considerably more complex than the purchase or writing of a single option. The following are among the many risks of combination option transactions: the difficulty that may be involved in attempting to execute simultaneously two or more buy or sell orders at the desired prices; the possibility that a loss could be incurred on both sides of a multiple options transaction; and the possibility of significantly increased risk exposure resulting from the hedge against loss inherent in most spread positions being lost as a result of the assignment of an exercise to the short leg of a spread while the long leg remains outstanding. Also, the transaction costs of combination options transactions can be especially significant because separate costs are incurred on each component of the combination. This can have the effect of requiring a substantial favorable price movement before a profit can be realized.

12. **Trading Decisions Based on Trend Analysis.** Certain of the trading decisions of the Fund are based on the use of computer pricing models to identify apparently overpriced or underpriced options in relationship to an assumed norm. In addition, analyses of price and other fluctuations over time may be relied upon which utilize charts and computers in order to discern and predict trends. Trading based on such analyses is subject to the risks that options premiums will not increase or decrease as predicted by the analyses, or that trades dictated by the analyses may not be executed in time to take advantage of the price disparities. This latter risk is likely to materialize when numerous market makers use similar analyses, all of which dictate the desirability of executing identical or similar contracts. In the past, there have been periods without identifiable trends and, presumably, such periods will continue to occur. Trading models or analyses that depend upon the forecasting of trends will not be profitable if there are not identifiable trends of the kind that the models or analyses seek to follow. Any factor which would make it more difficult to execute trades in accordance with the models or analyses signals, such as a significant lessening of liquidity in a particular market, would also be detrimental to profitability.

13. **Assignment of Puts or Calls.** Substantial losses may result under certain circumstances if a hedged position becomes a long or short position due to the assignment of the short put or short call portion of the hedged position. Under normal market conditions, the remaining portion of the previously hedged portion may be liquidated or otherwise adjusted to limit exposure to price changes. Suspension of trading of the option class or underlying securities followed by a price gap at the reopening of trading might result in substantial losses. The same would be true given an illiquid market such as that of October 1987.

14. **Prohibition of Exercise Rights.** The options markets have the authority to prohibit the exercise of particular options. If a prohibition on exercise is imposed at a time when trading in the option has also been halted, holders and writers of that option will be locked into their positions until one of the two restrictions has been lifted.

15. **Absence of Regulatory Oversight.** While the Fund may be considered similar to an investment company, it does not intend to register as such under the U.S. Investment Company Act of 1940, as amended, in reliance upon an exemption available to privately offered investment companies, and, accordingly, the provisions of that Act (which, among other matters, require investment companies to have disinterested directors, require securities held in custody to at all times be individually segregated from the securities of any other person and marked to clearly identify such securities as the property of such investment company and regulate the relationship between the adviser and the investment company) will not be afforded to the Fund or the shareholders. Effective April 20, 2006, the Investment Manager registered as an investment adviser under the Advisers Act.

16. **Risks of Leverage.** The Non-SSC Investment vehicles in which the Fund invests may borrow funds in connection with their investment strategies. A particular Non-SSC Investment vehicle may not be subject to any limitation in the amount of its borrowings, and the amount of borrowings that the Non-SSC Investment vehicle may have outstanding at any time may be substantial in comparison to its capital.

The use of leverage may provide the Non-SSC Investment vehicle with the opportunity for greater capital appreciation, but at the same time will increase the Non-SSC Investment vehicle's, and indirectly the Fund's, exposure to capital risk and higher current expenses. Moreover, if the assets of the Non-SSC Investment vehicle are not sufficient to pay the principal of, and interest on, the Non-SSC Investment vehicle's debt when due, the Fund could sustain a total loss of its investment in the Non-SSC Investment vehicle.

17. **Possibility of Misappropriation of Assets.** When the Fund invests utilizing the "split strike conversion" strategy or in a Non-SSC Investment vehicle, it will not have custody of the assets so invested. Therefore, there is always the risk that the personnel of any entity with which the Fund invests could misappropriate the securities or funds (or both) of the Fund.

18. **Sole Proprietor Non-SSC Investment Managers.** Some of the Non-SSC Investment vehicles to which the Fund may allocate capital may consist of investment operations with only one principal. In such cases, if that individual's services became unavailable to the Non-SSC Investment vehicle, the Fund might sustain losses.

19. **Experience of Non-SSC Investment Managers.** While certain of the Non-SSC Investment managers have had extensive experience in trading securities generally and within their specific investment strategies, they may have had little experience in investing and trading on behalf of a pooled investment vehicle, in utilizing certain of the investment strategies to be employed on behalf of the Fund or in managing an account as large as that anticipated for the Non-SSC Investments. In that regard, as the assets of the Non-SSC Investment vehicles increase, it is not known what effect, if any, this will have on the trading strategies utilized on their behalf or their investment results.

20. **Emerging Managers.** As the Non-SSC Investment vehicles generally will be in an early stage of formation or operation, this can pose a number of operational and other issues. For example, in its early stages the Non-SSC Investment manager may have little capital available to cover expenses and, accordingly, may have difficulty attracting qualified personnel. Competing investment

managers have a larger number of qualified management and technical personnel and benefit from a larger capital base.

21. **Lack of Liquidity.** Certain of the Fund's investments in the Non-SSC Investments will be subject to lock-up provisions any of which will limit the ability of the Fund to withdraw capital from such investment. While such lock-up period may be subject to early release for breach of risk control or performance guidelines or for cause, there can be no assurance that the Fund will not sustain additional losses while such lock-up period remains in effect.

22. **Non-Disclosure of Positions.** In an effort to protect the confidentiality of its positions, the Fund generally will not disclose all of its positions to shareholders on an ongoing basis, although the Fund, in its sole discretion, may permit such disclosure on a select basis to certain shareholders, if it determines that there are sufficient confidentiality agreements and procedures in place.

23. **Exchange Rate Risk.** The Fund will maintain its assets in U.S. dollars. The Net Asset Value per Share is determined in U.S. dollars. Non-dollar investors are subject to possible reduction in the value of their Shares due to changes in the rate of exchange between the U.S. dollar and their native currency. In addition, a hedge may be established in anticipation of new subscribers. In the event such subscriptions are not made, the hedge position will be unwound and the transactions will be borne by the existing shareholders.

#### **POTENTIAL CONFLICTS OF INTEREST**

The Investment Manager, the Non-SSC Investment managers and their respective affiliates, officers and employees may form and manage other investment entities (including without limitation investment partnerships, investment companies, mutual funds and offshore funds) and provide investment services to clients other than the Fund in the future with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. Such activities could detract from the time they allocate to the affairs of the Fund and negatively impact the Fund's investment opportunities. Similarly, Messrs. Naess and Schmid, the non-affiliated Directors, have other business interests and will not devote their entire time to the Fund's affairs.

The Investment Manager and its related persons might have an incentive to favor one or more of their other clients over the Fund, for example with regard to the selection of certain investments for those clients because those clients might pay the Investment Manager more for its services than the Fund. The Investment Manager and its related persons will act in a fair and reasonable manner in allocating suitable investment opportunities among their client and proprietary accounts. No assurance can be given, however, that (i) the Fund will participate in all investment opportunities in which other client or proprietary accounts of such persons participate, (ii) particular investment opportunities allocated to client or proprietary accounts other than the Fund will not outperform investment opportunities allocated to the Fund, or (iii) equality of treatment between the Fund, on the one hand, and other client and proprietary accounts of such persons, on the other hand, will otherwise be assured.

In connection with the investment of Fund assets in Non-SSC Investments, the Investment Manager and its affiliates may obtain financial and business benefits, including but not limited to: (i) additional investment capacity in Non-SSC Investments, which may be made available to other clients of the Investment Manager, (ii) compensation from Emerging Managers in connection with placement of such additional investment capacity, and/or (iii) sharing in the equity or cash flows of the entire investment business (Fund and non-Fund related) of such Emerging Managers. The Investment Manager, or an affiliate, will share with the Fund annually, through Performance Fee offset, an amount equal to the greater of (i) 50% of cash flows generated by equity held by the Investment Manager or an affiliate

thereof in the businesses of Emerging Managers or (ii) 10% of all revenues accruing to the Investment Manager or an affiliate thereof directly from its association with Non-SSC Investment vehicles (the "Shared Cash Flow Amount"). Despite this sharing, however, the arrangements described in this paragraph may result in a conflict of interest between the Investment Manager and the Fund.

Because the Fund was organized by affiliates of FGL, the fees paid by the Fund to FGL were not the result of arms-length negotiation.

The Fund may engage other placement agents and enter into other sales relationships to market the Fund. If a shareholder is introduced to the Fund by an agent, such shareholder should expect the agent to be paid by FGL for the introduction out of the fees FGL receives from the Fund. The agent will have an incentive to recommend that such shareholder remain an investor in the Fund, since the agent will likely be paid a portion of FGL's fees each year that the shareholder remains an investor.

Because Mr. Noel is a principal of FGL, an affiliate of the Investment Manager, as well as a Director of the Fund, he may have an incentive to take actions as a Director that favors the Investment Manager over the Fund.

Each service provider to the Fund shall pay regard to its obligation to act in the best interest of the Fund and the Directors of the Fund will ensure that all such potential conflicts of interest are resolved fairly and in the interest of the shareholders. When allocating investment opportunities, the Investment Manager will ensure that all such investments are allocated in a fair and equitable manner.

#### **DESCRIPTION OF SHARES**

The Fund is authorized to issue up to 10,000,000 shares in one class, with a par value of U.S. \$.01. The Fund has an authorized share capital of U.S. \$100,000. The Shares will be issued in registered form. Each Share, when issued, will be fully paid and non-assessable.

Holders of Shares are entitled to one vote per Share and will participate on a pro rata basis in the assets of the Fund on liquidation and in dividends and other distributions as declared.

#### **DIVIDEND POLICY**

Since the business objective of the Fund is directed toward achieving capital appreciation, it is anticipated that the Fund will not declare any dividends or make any distributions to its shareholders. Subject to the foregoing and to applicable law, the Fund's Board of Directors will have sole discretion in determining the amount and frequency of dividend distributions, if any. Any distributions made will be in accordance with the policies of the Irish Stock Exchange, which provide that a dividend payment may only be made out of the Fund's accumulated net income plus the net of accumulated realized and unrealized capital gains and accumulated net realized and unrealized capital losses.

#### **TRANSFERS, REDEMPTIONS AND TERMINATION**

##### **Transfers**

NO SALE OR TRANSFER OF SHARES WILL BE PERMITTED WITHOUT THE FUND'S CONSENT; HOWEVER, SHARES MAY BE REDEEMED AS OF THE LAST DAY OF EACH MONTH ON FIFTEEN (15) CALENDAR DAYS' NOTICE TO THE FUND.

Any sale or transfer of a shareholder's entire interest in any Shares or any transfer of Shares by operation of law must be submitted to the Fund for consent and will not be effective until such consent is given by the Fund. Any other dealing with Shares by way of assignment, pledge, mortgage or otherwise is prohibited unless consented to by the Fund and any attempt to do so without first obtaining the consent of the Fund will constitute grounds for compulsory redemption of the Shares concerned. Such consent may only be withheld if the transfer would result in regulatory, pecuniary, legal, taxation or material administrative disadvantages for the Fund or its shareholders as a whole. Any application to record a transfer of Shares, including an application to record a transfer by operation of law, if not approved by the Fund within 30 days, also will be treated as an application to redeem the Shares in question as of the next permissible redemption date and will be subject to a processing charge per share of 2% of the Net Asset Value per Share. The processing charge will be retained by the Fund.

THE DISPOSITION OF SHARES TO U.S. PERSONS (INCLUDING U.S.TAX-EXEMPT INVESTORS AS DEFINED UNDER "OFFERING OF THE SHARES") WITHOUT THE PRIOR WRITTEN APPROVAL OF THE FUND IS EXPRESSLY PROHIBITED, AND THE FUND SHALL HAVE THE RIGHT TO COMPULSORILY AND IMMEDIATELY REDEEM ANY SHARES HELD FOR ANY REASON BY U.S. PERSONS.

#### **Redemptions at the Option of the Shareholders**

A shareholder may cause part or all of his Shares to be redeemed as of the last business day (i.e., any day not a Saturday or a Sunday, that is not a public holiday or a day on which banks are generally authorized or obliged by law or regulation to close in the Netherlands, the Republic of Ireland, Canada or the United States of America) of any month, provided that the Fund shall be in receipt of written notice of redemption for at least fifteen (15) calendar days prior to such redemption date. In the Fund's discretion, a shareholder requesting redemption of part of his Shares may be required to redeem all of his Shares unless such shareholder notifies the Fund to cancel the redemption.

#### **Compulsory Redemption**

The Fund reserves the right to make compulsory redemptions where the holding of Shares may result in regulatory, pecuniary, legal, taxation or material administrative disadvantages for the Fund or its shareholders as a whole. Except as set forth above, no processing charge will be imposed with respect to any Shares so compulsorily redeemed.

#### **Redemptions - General Information**

Redemptions will be at the Net Asset Value per Share, subject to any applicable processing charge, as described above. If notice of intent to voluntarily redeem is not received by the Fund within the prescribed period of time, then, in the Fund's discretion, the redemption date may be deferred to the end of the next following permissible redemption period, unless the shareholder notifies the Fund to cancel the redemption and the Directors consent to such cancellation. With respect to a total redemption of Shares, except in the case of extraordinary circumstances, such as an inability to liquidate existing positions, or the default or delay in payments due the Fund from brokers, banks or other persons, payment on redemptions will be made within 30 days after the redemption date. The Fund will not pay interest to the redeeming shareholders on any payment.

Partial redemptions will be paid in full within 30 days after the redemption date.

Shareholders bear the risk of any decline in Net Asset Value from the date notice of intent to redeem is given until the redemption date. In addition, the Fund may temporarily suspend any redemption during

any period that the Fund has suspended the calculation of its Net Asset Value (see "OFFERING OF THE SHARES- Net Asset Value Defined"). Requests for redemption can be made by use of the form included in the Subscription Documents which accompany this Memorandum.

### **Termination**

The shareholders may, by a majority vote, elect to wind up and dissolve the Fund at any time. If the Fund's Board of Directors determines that it would be in the best interests of the Fund to wind up and dissolve the Fund at any time, it will recommend to the shareholders that they vote to do so, and will submit a plan of dissolution for approval by the shareholders.

### **ANTI-MONEY LAUNDERING REGULATIONS**

As part of the Fund's or Administrator's responsibility for the prevention of money laundering, the Investment Manager and its affiliates, subsidiaries or associates may require a detailed verification of a shareholder's identity, any beneficial owner underlying the account and the source of the payment.

The Investment Manager reserves the right to request such information as is necessary to verify the identity of a subscriber and the underlying beneficial owner of a subscriber's or a shareholder's Shares in the Fund. In the event of delay or failure by the subscriber or shareholder to produce any information required for verification purposes, the Investment Manager may refuse to accept a subscription or may cause the redemption of any such shareholder from the Fund. The Fund, without notice, may suspend the redemption rights of such shareholder if the Fund or the Investment Manager reasonably deems it necessary to do so to comply with anti-money laundering regulations applicable to the Fund, the Investment Manager or any of the Fund's other service providers.

Each subscriber and shareholder shall be required to make such representations to the Fund as the Fund and the Investment Manager shall require in connection with such anti-money laundering programs, including without limitation, representations to the Fund that such subscriber or shareholder is not a prohibited country, territory, individual or entity listed on the U.S. Department of Treasury's Office of Foreign Assets Control ("OFAC") website and that it is not directly or indirectly affiliated with, any country, territory, individual or entity named on an OFAC list or prohibited by any OFAC sanctions programs. Such shareholder shall also represent to the Fund that amounts contributed by it to the Fund were not directly or indirectly the proceeds of criminal conduct or derived from activities that may contravene U.S. federal, state or international laws and regulations, including anti-money laundering laws and regulations.

### **ANTI-MONEY LAUNDERING POLICIES**

To ensure compliance with statutory and other generally accepted principles aimed at the prevention of money-laundering, the Fund and/or the Administrator may require a detailed verification of a prospective investor's identity. Although the Fund and/or the Administrator reserve the right to request a detailed verification of a prospective investor's identity, a detailed verification should not be necessary if:

- the prospective investor makes a subscription payment from an account held in their own name at a Qualified Financial Institution (a "QFI"); or
- the prospective investor is introduced by a QFI and that QFI provides written assurance to the Fund and/or the Administrator that it has established the identity of the prospective investor and holds evidence of that identity.

A QFI is defined as a financial institution which is:

- established in a European Union (EU) member state and subject to the EU Money Laundering Directives; or
- established in one of the countries which make up the Financial Action Task Force (“FATF”) and/or is subject to regulation which complies with the FATF Recommendations. Such countries are Argentina, Australia, Austria, Belgium, Brazil, Canada, Denmark, Finland, France, Germany, Greece, Hong Kong, Ireland, Italy, Japan, Luxembourg, Mexico, the Netherlands, New Zealand, Norway, Portugal, Russian Federation, Singapore, South Africa, Spain, Sweden, Switzerland, Turkey, the United Kingdom, and the United States.

Subscription payments will not be accepted unless made from an account held in the name of the prospective investor. In addition, prospective investors who DO NOT make the subscription payment from an account held at a QFI and who are NOT introduced by a QFI will be required to provide the following documentation, as relevant to their status.

**Individual Investors** will be required to provide the following information:

- full name;
- permanent address;
- a certified copy of their passport or national identity card;
- a bank reference letter; and
- verification of address.

**Partnerships** will be required to provide the following information:

- a mandate from the partnership authorizing the subscription and conferring authority on those persons executing the subscription agreement; and
- the identities of at least two partners and of all those authorized to issue instructions.

**Corporate entities** that are quoted on a stock exchange in an EU member country or in one of the QFI prescribed countries or that are known to be the subsidiary of such a quoted company will be required to provide the following information:

- the original or certified copy of the certificate of incorporation or similar document;
- a list of the directors’ names, occupations, addresses and dates of birth; and
- properly authorized mandate of directors authorizing the subscription and conferring authority on those persons executing the subscription form.

Where the prospective investor to the transaction is a corporation that is a private company, the following additional information will need to be provided:

- certified passport copies or national identity card copies of at least two directors; and
- a list of names and addresses of shareholders holding 10% or more of the issued share capital of the company and in the case of individual shareholders, their occupations and dates of birth.

When a significant shareholder of a private company (25% or more) is a body corporate, information will need to be provided from the company regarding the ultimate beneficial ownership of that particular body corporate. If the ultimate beneficial owner(s) of that particular body corporate is (are) individual(s), such individual(s) will need to provide the information that is required from individual investors and outlined above.

Furthermore, subscriptions will be cross checked against lists held by various international agencies in order to establish that the persons or entities subscribing have not been blacklisted or wanted in connection with a criminal investigation. Such international agencies include the Bahamas Financial Intelligence Unit, the Central Bank of Ireland, the FBI, the Bank of England and the US Treasury Department's Office of Foreign Assets Control (OFAC). Other agencies will be consulted as and when appropriate.

Finally, it should be noted that redemption payments will only be paid to a bank account held in the name of the registered owner of the Shares and that any transferee will have to furnish the same information (and enter into a subscription agreement) which would be required in connection with a direct subscription in order for a transfer application to be considered by the Administrator.

Pending the provision of evidence satisfactory to the Administrator as to the identity of any prospective investor, the evidence of title in respect of Shares may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as aforesaid, it may, in its absolute discretion, refuse to allot the Shares applied for in which event application moneys will be returned without interest to the account from which such moneys were originally debited.

Financial institutions which have been duly qualified and authorized to exercise their activity in their respective countries as a bank and which are subject to internationally recognized anti money-laundering legislation may subscribe for Shares on behalf of their clients.

#### **TAX CONSIDERATIONS AND EXCHANGE CONTROL AND ERISA**

**CIRCULAR 230 NOTICE. THE FOLLOWING NOTICE IS BASED ON U.S. TREASURY REGULATIONS GOVERNING PRACTICE BEFORE THE U.S. INTERNAL REVENUE SERVICE: (1) ANY U.S. FEDERAL TAX ADVICE CONTAINED HEREIN, INCLUDING ANY OPINION OF COUNSEL REFERRED TO HEREIN, IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED, BY ANY TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (2) ANY SUCH ADVICE IS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS DESCRIBED HEREIN (OR IN ANY SUCH OPINION OF COUNSEL); AND (3) EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.**

THE DISCUSSION HEREIN IS FOR INFORMATIONAL PURPOSES ONLY AND IS A DISCUSSION PRIMARILY OF THE U.S. TAX CONSEQUENCES TO PROSPECTIVE

SHAREHOLDERS. EACH PROSPECTIVE SHAREHOLDER SHOULD CONSULT ITS PROFESSIONAL TAX ADVISER WITH RESPECT TO THE TAX ASPECTS OF AN INVESTMENT IN THE FUND. TAX CONSEQUENCES MAY VARY DEPENDING UPON THE PARTICULAR STATUS OF A PROSPECTIVE SHAREHOLDER. IN ADDITION, SPECIAL CONSIDERATIONS (NOT DISCUSSED HEREIN) MAY APPLY TO PERSONS WHO ARE NOT DIRECT SHAREHOLDERS IN THE FUND BUT WHO ARE DEEMED TO OWN SHARES AS A RESULT OF THE APPLICATION OF CERTAIN ATTRIBUTION RULES.

The Fund has not sought a ruling from the U.S. Internal Revenue Service (the "Service") or any other U.S. federal, state or local agency with respect to any of the tax issues affecting the Fund, nor has the Fund obtained an opinion of counsel with respect to any tax issues.

The following is a summary of certain potential U.S. federal tax consequences which may be relevant to prospective shareholders. The discussion contained herein is not a full description of the complex tax rules involved and is based upon existing laws, judicial decisions and administrative regulations, rulings and practices, all of which are subject to change, retroactively as well as prospectively. A decision to invest in the Fund should be based upon an evaluation of the merits of the trading program, and not upon any anticipated U.S. tax benefits.

BASED ON THE STRUCTURE AND OPERATIONS OF THE FUND, THE FUND GENERALLY SHOULD NOT BE SUBJECT TO U.S. INCOME TAX, EXCEPT AS PROVIDED BELOW.

#### U.S. Trade or Business

Section 864(b)(2) of the U.S. Internal Revenue Code of 1986, as amended (the "IRC"), provides a safe harbor (the "Safe Harbor") applicable to a non-U.S. corporation (other than a dealer in securities) that engages in the U.S. in trading securities (including contracts or options to buy or sell securities) for its own account pursuant to which such non-U.S. corporation will not be deemed to be engaged in a U.S. trade or business. The Safe Harbor also provides that a non-U.S. corporation (other than a dealer in commodities) that engages in the U.S. in trading commodities for its own account is not deemed to be engaged in a U.S. trade or business if "the commodities are of a kind customarily dealt in on an organized commodity exchange and if the transaction is of a kind customarily consummated at such place."

The Fund intends to conduct its business in a manner so as to meet the requirements of the Safe Harbor. Thus, the Fund's securities and commodities trading activities should not constitute a U.S. trade or business and, except in the case of certain U.S. real estate investments that the Fund does not intend to make, the Fund should not be subject to the regular U.S. income tax on any of its trading profits.

The Fund's gains from its investments in or trading in stocks, options or other investments should not be subject to United States federal income, branch or withholding taxes because the Fund expects that it will not be engaged (or treated as engaged) in a "trade or business" in the United States, or treated as a personal holding company, for United States federal income tax purposes. Any dividend income received by the Fund from U.S. corporations generally will be subject to United States federal withholding taxes. Although substantially all of the interest earned by the Fund from sources within the United States is expected to be of the type which will not be subject to United States federal income, branch or withholding taxes, the Fund may earn interest from time to time that could be subject to United States federal income, branch or withholding taxes (although it is not expected that the amount of such taxes would be material). In addition, with respect to Shares held by non-U.S. persons who are not engaged in a "trade or business" in the United States (as defined under the Code), such persons should not be subject to United States federal income, branch or withholding taxes (i) on dividends paid to them by the Fund and (ii) on the redemption of their Shares by the Fund. The Fund expects that it will not be subject to

state and local taxes in the United States on its income or capital. Because of the absence of full guidance under state and local law, however, this result is not entirely clear. The conclusions in this paragraph are based on the Code and existing laws, judicial decisions and administrative regulations, rulings and practice in the United States, all of which are subject to change.

#### U.S. Withholding Tax

In general, under Section 881 of the IRC, a non-U.S. corporation which does not conduct a U.S. trade or business is nonetheless subject to tax at a flat rate of 30% (or lower tax treaty rate) on the gross amount of certain U.S. source income which is not effectively connected with a U.S. trade or business, generally payable through withholding. Income subject to such a flat tax rate is of a fixed or determinable annual or periodic nature, including dividends and certain interest income. There is presently no tax treaty between the U.S. and the Cayman Islands.

Certain types of income are specifically exempted from the 30% tax and thus withholding is not required on payments of such income to a non-U.S. corporation. The 30% tax does not apply to U.S. source capital gains (whether long or short-term) or to interest paid to a non-U.S. corporation on its deposits with U.S. banks. The 30% tax also does not apply to interest which qualifies as portfolio interest. The term "portfolio interest" generally includes interest (including original issue discount) on an obligation in registered form which has been issued after July 18, 1984 and with respect to which the person who would otherwise be required to deduct and withhold the 30% tax receives the required statement that the beneficial owner of the obligation is not a U.S. person within the meaning of the IRC. Under certain circumstances, interest on bearer obligations may also be considered portfolio interest.

#### Redemption of Shares

Gain realized by shareholders who are not U.S. persons within the meaning of the IRC ("non-U.S. shareholders") upon the sale, exchange or redemption of Shares held as a capital asset should generally not be subject to U.S. federal income tax provided that the gain is not effectively connected with the conduct of a trade or business in the U.S. However, in the case of nonresident alien individuals, such gain will be subject to the 30% (or lower tax treaty rate) U.S. tax if (i) such person is present in the U.S. for 183 days or more during the taxable year (on a calendar year basis unless the nonresident alien individual has previously established a different taxable year) and (ii) such gain is derived from U.S. sources.

Generally, the source of gain upon the sale, exchange or redemption of Shares is determined by the place of residence of the shareholder. For purposes of determining the source of gain, the IRC defines residency in a manner that may result in an individual who is otherwise a nonresident alien with respect to the U.S. being treated as a U.S. resident only for purposes of determining the source of income. Each potential individual shareholder who anticipates being present in the U.S. for 183 days or more (in any taxable year) should consult his tax adviser with respect to the possible application of this rule.

Gain realized by a non-U.S. shareholder engaged in the conduct of a U.S. trade or business will be subject to U.S. federal income tax upon the sale, exchange or redemption of Shares if such gain is effectively connected with its U.S. trade or business.

Non-U.S. shareholders may be required to make certain certifications to the Fund as to the beneficial ownership of the Shares and the non-U.S. status of such beneficial owner, in order to be exempt from U.S. information reporting and backup withholding on a redemption of Shares.

### Tax-Exempt U.S. Persons

The term "Tax-Exempt U.S. Person" means a U.S. person within the meaning of the IRC that is exempt from payment of U.S. federal income tax. Generally, a Tax-Exempt U.S. Person is exempt from federal income tax on certain categories of income, such as dividends, interest, capital gains and similar income realized from securities investment or trading activity. This type of income is exempt even if it is realized from securities trading activity which constitutes a trade or business. This general exemption from tax does not apply to the "unrelated business taxable income" ("UBTI") of a Tax-Exempt U.S. Person. Generally, except as noted above with respect to certain categories of exempt trading activity, UBTI includes income or gain derived from a trade or business, the conduct of which is substantially unrelated to the exercise or performance of the Tax-Exempt U.S. Person's exempt purpose or function. UBTI also includes (i) income derived by a Tax-Exempt U.S. Person from debt-financed property and (ii) gains derived by a Tax-Exempt U.S. Person from the disposition of debt-financed property.

In 1996, Congress considered whether, under certain circumstances, income derived from the ownership of the shares of a non-U.S. corporation should be treated as UBTI to the extent that it would be so treated if earned directly by the shareholder. Subject to a narrow exception for certain insurance company income, Congress declined to amend the IRC to require such treatment. Accordingly, based on the principles of that legislation, a Tax-Exempt U.S. Person investing in a non-U.S. corporation such as the Fund should not realize UBTI with respect to an unleveraged investment in Shares. Tax-Exempt U.S. Persons are urged to consult their own tax advisors concerning the U.S. tax consequences of an investment in the Fund.

There are special considerations which should be taken into account by certain beneficiaries of charitable remainder trusts that invest in the Fund. Charitable remainder trusts should consult their own tax advisers concerning the tax consequences of such an investment on their beneficiaries.

### Reporting Requirements for U.S. Persons

Any U.S. person within the meaning of the IRC owning 10% or more (taking certain attribution rules into account) of either the total combined voting power or total value of all classes of the shares of a non-U.S. corporation such as the Fund will likely be required to file an information return with the Service containing certain disclosure concerning the filing shareholder, other shareholders and the corporation. The Fund has not committed to provide all of the information about the Fund or its shareholders needed to complete the return. In addition, a U.S. person within the meaning of the IRC that transfers cash to a non-U.S. corporation will likely be required to report the transfer to the Service if (i) immediately after the transfer, such person holds (directly, indirectly or by attribution) at least 10% of the total voting power or total value of such corporation or (ii) the amount of cash transferred by such person (or any related person) to such corporation during the twelve-month period ending on the date of the transfer exceeds \$100,000.

Furthermore, certain U.S. persons within the meaning of the IRC will have to file Form 8886 ("Reportable Transaction Disclosure Statement") with their U.S. tax return, and submit a copy of Form 8886 with the Office of Tax Shelter Analysis of the Service if the Fund engages in certain "reportable transactions" within the meaning of recently issued U.S. Treasury Regulations. Shareholders required to file this report include a U.S. person within the meaning of the IRC if the Fund is treated as a "controlled foreign corporation" and such U.S. person owns a 10% voting interest. In certain situations, there may also be a requirement that a list be maintained of persons participating in such reportable transactions, which could be made available to the Service at its request. Moreover, if a U.S. person within the meaning of the IRC recognizes a loss upon a disposition of Shares, such loss could constitute a

"reportable transaction" for such shareholder, and such shareholder would be required to file Form 8886. Under new legislation, a significant penalty is imposed on taxpayers who fail to make the required disclosure. The penalty is generally \$10,000 for natural persons and \$50,000 for other persons (increased to \$100,000 and \$200,000, respectively, if the reportable transaction is a "listed" transaction). Shareholders who are U.S. persons within the meaning of the IRC (including Tax-Exempt U.S. Persons) are urged to consult their own tax advisors concerning the application of these reporting obligations to their specific situations and the new penalty discussed above.

#### Estate and Gift Taxes

Individual holders of Shares who are neither present or former U.S. citizens nor U.S. residents (as determined for U.S. estate and gift tax purposes) are not subject to U.S. estate and gift taxes with respect to their ownership of such Shares.

#### BVI Tax Considerations and Exchange Control

As of the date of this Memorandum, the Fund is exempt from all provisions of the Income Tax Act of the BVI, including with respect to all dividends, interests, rents, royalties, compensation and other amounts payable by the Fund to persons who are not persons resident in the BVI. Capital gains realized with respect to any shares, debt obligation or other securities of the Fund by persons who are not persons resident in the BVI are also exempt from the provisions of the Income Tax Act of the BVI. No estate, inheritance, succession or gift tax, rate, duty, levy or other charge is payable by persons who are not persons resident in the BVI with respect to any shares, debt obligations or other securities of the Fund.

There are no exchange control restrictions in the BVI. Accordingly, the Fund will be free to acquire, to hold and to sell any foreign currency and securities without restriction.

#### ERISA

The Fund may accept subscriptions from individual retirement accounts ("IRAs"), Keogh plans, pension or profit-sharing plans, governmental plans, entities that invest the assets of such accounts or plans and/or other benefit plan investors (all such entities are herein referred to as "Benefit Plan Investors"). The Fund does not anticipate that its assets will be subject to ERISA because it intends to limit the investments in the Fund by Benefit Plan Investors (both U.S. and non-U.S.) to less than 25% of the value of any class of equity interests of the Fund, excluding from this calculation any non-Benefit Plan Investor interest of that class held by the Investment Manager, persons affiliated with the Investment Manager or their employees. No subscriptions for Shares made by Benefit Plan Investors will be accepted and no transfers of Shares will be permitted to the extent that the investment or transfer would result in the Fund exceeding this 25% limit. In addition, because the 25% limit is to be calculated upon every subscription to or redemption from the Fund, the Fund has the authority to require the redemption of all or some of the Shares held by any Benefit Plan Investor if the continued holding of such Shares, in the opinion of the Directors, could result in the Fund being subject to ERISA.

#### **PROXY VOTING POLICY**

The Fund invests a portion of its assets in equity securities offered by publicly traded entities. From time to time, such entities may ask their investors to vote their interests in the entities with regard to

corporate governance and other matters. The Investment Manager, as the investment manager of the Fund has authority to vote such proxies and other securities on behalf of the Fund and may delegate such authority to custodians or sub-custodians of its assets. In addition, the managers of the Non-SSC Investments will vote proxies relating to those investments.

The Fund and the Investment Manager have developed a proxy voting policy which they believe ensures that the Investment Manager votes proxy proposals, amendments, consents or resolutions relating to the Fund's securities (collectively, "proxies") in a manner that best serves the interests of the Fund. They have reviewed the proxy voting policies of the custodians, sub-custodians and Non-SSC Investments managers. The following factors are elements of the proxy voting policies of each of the foregoing:

- the impact on short-term and long-term value;
- the preservation and increase in capital of the Fund;
- the costs and benefits associated with the proposal;
- the effect on the liquidity of the Fund; and
- the customary industry and business practices.

With respect to proxies, the Investment Manager will:

- maintain accurate records as to voting proxies;
- with the Fund, periodically review voting procedures employed and actions taken on individual voting situations;
- have procedures in place for reconciling proxies;
- take reasonable steps to ensure that proxies for which it is responsible are received and, where appropriate, voted; and
- comply with all current applicable proxy laws, rules and regulations.
